SOTOGRANDE

7,850,000€

Plot: 5,148 m² | Built: 1,600 m² | Interior: 1,432 m² | Terrace: 133 m² | Bedrooms: 6 | Levels: 3 | Orientation: West
Some homes are private. Villa Oasis is something more , a genuinely well-kept secret, tucked into the hills of Sotogrande Alto and fusing classic Spanish architecture with contemporary interior design. This sophisticated six-bedroom villa sits within beautifully landscaped front and rear gardens, spread across three levels around a striking double-height central atrium with orange trees and a water feature, and works equally well as a full-time home or a vacation retreat. What makes Villa Oasis's architecture so distinctive?High-end finishes and elegant, light-filled spaces define the home throughout. The open, modern floor plan wraps around the central atrium, awash with natural light, creating a seamless rhythm between indoor and outdoor living that's rare even by Sotogrande standards. What does the main floor offer? An entrance courtyard leads into extensive indoor and outdoor living areas overlooking the front garden and infinity-edge pool. A bespoke Gaggenau-fitted kitchen with a marble island and breakfast table sits alongside a separate dining room, with two generous guest suites , both featuring rainfall showers, completing this level. What can I expect from the master suite? The first floor is home to a spacious master suite with its own private lounge area, a luxurious en-suite bathroom, and a walk-in dressing room opening onto a vast panoramic terrace with jacuzzi. Two further premium guest suites on this level each come with their own dressing room and bathroom. What wellness and leisure spaces does the villa include? The expansive lower level is entirely dedicated to wellness and relaxation, a resort-style spa with a 13-metre heated pool, steam room, sauna, and chilled plunge pool, alongside a state-of-the-art 4K cinema, a temperature-controlled wine cellar, a fully equipped gym and fitness studio, a business...
